CALIFORNIA SWRCB BIODIESEL BLENDS UST COMPATIBILITY STATEMENT

To: UST Owner – UL Listed Plasteel® Elutron® Double Wall FRP Jacketed Underground Tank
UL Listed Plasteel Composite® Doublewall Underground Tank
UL Listed Plasteel Composite® Single Wall Underground Tank

Subject: Biodiesel Blends UST Compatibility Statement
California Code of Regulations, Title 23, Chapter 16, UST Regulations, Section 2631.2

Reference: Health & Safety Codes, Section 25291

Plasteel International Inc. is the Plasteel® Underground Tank Technology owner and licensor.
Plasteel International Inc. does not manufacture or sell Plasteel® Tanks.

Plasteel® Underground Tanks are manufactured per Underwriters Laboratories Inc. (UL) Standard 58, Steel Underground Tanks for Flammable and Combustible Liquids in compliance with the California UST Regulations, Article 3, Section 2631. UL is an independent, third party testing organization in compliance with Section 2631.

UL Standard 58 states in the Scope paragraph: ***“These requirements cover horizontal atmospheric-type steel tanks for the storage underground of flammable and combustible liquids.”***

Biodiesel Blends are combustible liquids as defined in NFPA 30, Flammable and Combustible Liquids Code, 2008 Edition, Chapter 4, paragraph 4.2.2.

Therefore, Plasteel® Underground Storage Tank Technologies listed below are compatible for the storage of combustible Biodiesel Blends.

UL Listed Plasteel® Elutron® Double Wall FRP Jacketed Underground Tank
UL Listed Plasteel Composite® Double Wall Underground Tank
UL Listed Plasteel Composite® Single Wall Underground Tank

If you have any questions, please do not hesitate to contact Plasteel International Inc.
